## Case Study for Tech Mahindra

### What was needed:

- On-going quality accommodation

Tech Mahindra is a specialist in digital transformation, consulting and business re-engineering solutions. They are a USD 3.5 billion company with 98,000+ professionals across 51 countries and provide services to 674 global customers including numerous Fortune 500 companies.

“Having approached thesqua.re I tested the quality and service they offer, staying at their Baltimore Wharf apartments in Canary Wharf. Very pleased with my stay, I am happy to refer all Associates travelling to the UK to the team at thesqua.re who then liaise with each Associate directly; thesqua.re have their own apartments in London and a network of partners for other UK locations. This can provide a great one-stop-shop for our needs and we can work hand in hand with thesqua.re to ensure our Associates are well accommodated.”
